San Diego -- Councilmember DeMaio is pleased to announce that his office has received a verbal commitment from the Parks and Recreation Department to grant a one year extension to keep the Ed Brown Senior Center open.

"The Senior Center is a vital asset to residents and the senior community in Rancho Bernardo and this one year extension will give them time to find ways to keep the center open permanently," noted DeMaio.

"The Park and Recreation Department is working closely with the group and community to make sure senior services are not cut," said Park and Recreation Department Director Stacy LoMedico. In doing this, our department is working with the group on a one year extension to allow them to continue operations."

"My office remains committed to finding a permanent solution to this issue and will be meeting with residents and City staff to ensure the facility continues to provide important services to our community," said DeMaio.
